

Superior Equine Sires, Inc.
POB 4035
Spokane, WA 99220

January 2018

Dear Valued Client:

Due to conditions beyond my control, I will no longer make group shipments to a distributor in Canada. In the future you will have to arrange your own shipments to and storage in Canada. You must send a tank to Superior Equine Sires to pick up your order. We are collecting information to help breeders combine their shipments with other breeders and veterinary centers.

To facilitate a shipment, you will first need an import permit from CFIA. When we receive your permit, we will begin the process to secure an export permit from USDA. The requirements imposed on us by the CFIA are responsible for the inconvenience and costs to you:

Cost of individual shipment:

- Preliminary vet inspection of documents - \$75.00
- USDA export permit - \$100.00
- Postage - \$50.00
- Handling fee - \$50.00
- Nitrogen - \$50.00
- Shipping at your cost (you can charge it to your FedEx account or credit card).

Total Cost for Individual Shipments - \$325.00, plus all shipping costs

Please refer to our website for Canadian shipment information and link to CFIA permit application:
http://www.superiorequinesires.com/shipping_services.php

I appreciate your past business and regret that I can no longer bear the cost and inconvenience of shipments to Canada. I will do everything I can to help you facilitate your shipments.

If you have questions or comments, please contact me by email at superiorequinesires@gmail.com or by phone at 509-838-9922

Sincerely,
Carol Austin
