	1	\$

VETERINARIAN who will carry out the insemination:

Name, address and phone number of the veterinarian _____

<u>NAME OF THE MARE</u>	<u>REGISTRATION #</u>	<u>CHOSEN STALLION</u>
-------------------------	-----------------------	------------------------

Terms and conditions for the sale of PS semen (The contract is only valid for one gestation)

1. The semen is intended for the successful gestation by means of insemination of the specified mare (or any other mare that you have notified PS of in writing) and remains the in the control of Paul Schockemoehle Hengsthaltung GmbH (PS). An implanted or frozen embryo is considered a gestation at the time of implantation/freezing.
2. One dose of semen, for one cycle, and for one mare named above in this contract, will be shipped.
3. By signing this contract, you confirm and direct your veterinarian/insemination technician to use a complete insemination dose according to the number of straws given by us when breeding your intended mare.
4. Your vet/tech is also asked to document breeding date, number of straws used, noting the collection date and the subsequent 14 and/or 28-day pregnancy check and the final reporting of outcome with vet/tech signature.
5. There will be no shipment of semen without your signed agreement agreeing to our terms of control and complete dose usage per insemination of your mare.
6. The client is not authorized at any time to sell or give semen to another person or persons in order to achieve a gestation without the prior consent of PS.
7. The client must inform PS if he/she intends to transport the semen from the initial veterinary clinic to another one.
8. Empty used straws must be sent back to the supplier. Alternatively, you can provide a photo of the used straws clearly showing the data.
9. If the client violates a provision of these terms and conditions of sale, PS will impose a contractual penalty of 2500 EUR.
10. ICSI is only allowed after prior agreement is made with PS. One insemination dose can achieve one ICSI dose or one embryo. For this purpose, a separate invoice for a full stud fee will be sent for every embryo, regardless of whether it is frozen or transferred to a receiving mare.
11. The client agrees that PS is authorized to receive information directly from their veterinarian regarding performed inseminations, ET and ICSI results and authorize release to PS the information about the ICSI results obtained.
12. If the mare is not in foal with the semen for any reason, the owner of the mare has no rights of recourse against PS.
13. Single dose contracts that do not result in a conception do not qualify for a discount the following year.

Please fill in and sign this contract after reading the attached terms and conditions. By signing this document, you agree to the terms and conditions. Keep a copy and send a copy back to Superior Equine Sires/SES. In default of payment of outstanding amounts, interest may be charged (currently 20%).
